## **CAREER OBJECTIVE:**

I have been passionate about the sciences from childhood and always experimented with solutions for the challenges of my environment. At present, I am a graduate of Masinde Muliro University of Science and Technology with a Bachelor's Degree in Science (Chemistry). I am self-motivated, a willing learner, ambitious, and able to do the extra that would take me to the top. I have good organizational skills and a knack for leadership which saw me appointed as a faculty representative and prefect throughout my primary and secondary educational years. I work to learn, acquire skills, get exposed to knowledge, and enjoy the experience with no contempt about the work involved. I possess good verbal and written skills in English, Kiswahili, and Luhya, and can work well with people of all cultures.
