QUALIFICATIONS:

Bsc. Food Science and Technology (Dedan Kimathi University of Technology), Diploma in Business Management (Kenya Institute of Management), ISO 22000 Lead Auditor (PECB-Canada), FSSC 22000 Lead Auditor (MMCL Africa), ISO 9001 Lead Auditor (MMCL Africa), ISO 17025 Lead Auditor (MMCL Africa), OECD Principles of Good Laboratory Practice (MMC Africa), ISO/IEC 27000 (MMCL Africa), ISO 17020 (MMCL Africa), Certified Trainer (PECB-Canada)

PROFILE SUMMARY:

I am an established food safety and quality expert with over 8 years proven hands on experience in food safety and quality management systems based on International Organization for Standardization (ISO). I am well adept in both strategy and technical elements of the profession with the ability to drive significant change management and transformation programmes as well as high impact operational optimization initiatives.

An excellent communicator, strategic business partner and catalyst for innovation initiatives that address today's business challenges of attaining revenue goals, satisfying customers, and attracting/retaining talent while achieving business and profitability objectives.

I bring to the table strong leadership credentials and the enthusiasm to ensure transformation for the better. Additionally, for me it all comes down to capacity building; nothing excites me as much as developing management systems and policies that assist organizations in addressing both operational and organizations risks. In so doing, I have taken up various other leadership positions on volunteer basis just to make sure I share my expertise with my community.
