PUBLIC REVIEW DRAFT

DKS 2968:2022 Meter for dispensing liquefied petroleum gas (LPG) from cylinder —

This Draft Kenya Standard has been prepared by a Joint Technical Committee of KEBS TC 105 Instrumentation and Calibration Coordination and KEBS TC 117 Liquefied Petroleum Gas installations in accordance with the procedures of the Kenya Bureau of Standards, and is now being circulated for public comments.

The Committee would appreciate any comments on this Draft Standard, which should be submitted before 26/10/2022 using the attached template. It will also be appreciated if those who have no specific comments to make but find the draft standard generally acceptable can notify us accordingly.

Suggestions entailing amendments of the text should include wording preferred and the relevant clause number quoted against any comments made.

This draft standard is subject to change and should not be referred to or used as a Kenya Standard.

All correspondence pertaining to this draft standard should be addressed to the Managing Director, Kenya Bureau of Standards for the attention of Juma Boniface (jumab@kebs.org) and Tania Monica (taniam@kebs.org)

Yours faithfully,

**For: DIRECTOR
