

KENYA BUREAU OF STANDARDS

ADOPTION PROPOSAL

Document Type: STANDARD	Adoption proposal TC: 075. Leather and leather products	
Dates:	Circulation date	Closing date
	15-7-2018	14-8-2018
TC Secretary: Agnes Mwatu	This form shall be filled, signed and returned to Kenya Bureau of Standards for the attention of Agnes Mwatu	

The Kenya Bureau of Standards intends to adopt the following International Standards as detailed here below;

1. Number: **ISO 2588:2014**

Title: Leather -- Sampling -- Number of items for a gross sample

Scope: This ISO 2588:2014 Standard specifies a method for the drawing, from a lot, of whole pieces of leather to form a gross sample. The method is applicable to all kinds of leather of any type of tannage. This ISO 2588:2014 does not cover marking and storage of the gross sample.

2. Number: **ISO 34-1: 2015**

Title: Rubber, vulcanized or thermoplastic — Determination of tear strength — Part 1: Trouser, angle and crescent test pieces

Scope: This part of ISO 34 specifies three test methods for the determination of the tear strength of vulcanized or thermoplastic rubber, namely the following:

- method A, using a trouser test piece;
- method B, using an angle test piece, with or without a nick of specified depth;
- method C, using a crescent test piece with a nick.

The value of tear strength obtained depends on the shape of the test piece, speed of stretching, and temperature of test. It can also be susceptible to grain effects in rubber.

We are therefore seeking views from potential users in respect of the same. The Standard is available at the Kenya Bureau of Standards Information Centre. Please tick and fill your preference of the listed option. (If the spaces provided are not enough, please attach a separate sheet of paper).

Adoption acceptable as presented
