- Able to Identify and assess the adversity of environmental effects, propose mitigation measures, and evaluate the significance of residual environmental effects.
- Able to design and implement follow-up programs to determine the adequacy of the environmental management and monitoring plan

Selected Achievements

Mar 2018, as an Impacts assessor, I helped depoliticize the Sh6.8 billion Northern Collector Tunnel project that was set to inject 140 million litres of water into Nairobi taps by drafting and presenting an Independent EIA statement report that cleared World Bank-funded project.

June, 2018, I led the restoration of Sh300 million Funding from the World Bank to construct a Biosafety Level two-Laboratory (BSL 2 Public Health Laboratory) and an Ebola Isolation Ward at Moi Teaching and Referral Hospital by conducting a more detailed public engagement and consultations.

As an Environment and Safety manager during the JKIA expansion my remarkable achievement was being involved in improving and upgrading its capacity to handle 9million passengers annually up from former 6.5million at the cost of kshs 7.22 Billion hence attaining
