

# CURRICULUM VITAE

## PERSONAL DETAILS

NAME: RONO VICTOR

SEX:MALE

DOB:22/01 1991

ADDRESS:290 SONDU

[TEL:0712234860](tel:0712234860)

MAIL:ronovictor39@gmail.com

NATIONALITY: KENYA

RELIGION: CHRISTIAN.

## PERSONAL SUMMARY

Knowledgeable, confident, multi-skilled and capable laboratory technologist with excellent knowledge on laboratory practices. Having proven ability in the surveillance of plant health, pest and diseases, laboratory techniques and juice treatment section in sugar production m, now looking for a newer and challenging position that would make best use of my existing skills.

## WORK EXPERIENCE

Busia Sugar Industry-production. March 2019 to date

James Finlay's Kenya Flower One –production. Jan 2017to Nov 2018

Attached Kenya Marine and Fisheries Research Institute Kisumu.(KEMFRI) Jan –March 2015

## ACADEMIC QUALIFICATIONS

The Kisumu National polytechnic [2014-2016] Diploma Applied Biology

Kericho Tea Secondary School [2007-2010] KCSE mean grade C minus

Resam School [1998-2006] KCPE.

## DUTIES AND RESPONSIBILITIES

- ❖ Controlling Evaporator to concentrate materials to specified density by evaporation: starts pumps & turn valves to admit steam & liquid solution into evaporator chest.
- ❖ Turning feed valves to regulate flow of solution through system & obtain specified concentration.
- ❖ Oversee chemical preparation for brushing and hydro test for tube leak.
- ❖ Observing temperature, pressure & vacuum gauge reading and material balance through side glass
- ❖ Tending to, preheating tanks, condenser equipment and pumps.

## KEY SKILLS AND COMPETENCE

- Pro-active problem solver.
- Conversant with laboratory chemicals, tools and equipment
- Knowledgeable on juice quality and its parameters regulation at juice treatment section; clarification and at evaporators operations and troubleshooting any maintenance.
- Ability to work under pressure and minimal supervision
- Basic knowledge on Fire safety and First Aid
- Computer Literate
- Knowledgeable on effluent treatment plant operations

## ACHIEVEMENTS

I have demonstrated my ability to quickly pick up a broad range of tasks at juice treatment through practical operations of rotary juice screen machine, clarifier and evaporators, juice parameter regulations from raw juice to syrup for further processing.
